A Result of the Late Kansas Flood.

William Newcomb, truce officer of Rosedale, Kan., is finding that position not altogether a pleasant one, says the Kansas City Star. "I find some few cases," he said, "where parents cannot make their children obey them, but these are few. The greater number of the children who do not attend school are too poor to do so. I found in one family several children who had no shoes. Many cases are of food sufferers. People who think all the relief necessary was given these people are greatly mistaken. Every day I find a family whose children cannot go to school because they lost all they had in the flood."

CAUSE FOR GRATITUDE.

After expressing her gratitude to all who "administered to my dear husband in his fatal sickness" a Leavenworth (Kan.) woman adds in her card of thanks, "And especially the accident insurance agent, Mr. Fairlock, who assured me that congestion of the stomach comes under the head of accidents."

Are you about to build? If so see that your builder's contract has a clause providing that the structure shall be erected by union labor which will insure you of good work and a job completed without delay. Per order Union 451, Carpenters and Joiners of America, S. R. Doty, Sec.

Glasses fitted by an eye sight specialist at J. W. Holton's.

SUBMARINE BOAT'S VICTORY

Remarkable Shooting of the Moccasin in Mine Warfare.

Lieutenant Commander Frank F. Fletcher, in charge of the torpedo station on Goat Island, near Newport, R. I., ordered Gunner Vanderbeck the other afternoon to take the torpedo boat McKee eight miles to the southward of Brenton's reef lightship and destroy a submarine torpedo boat which had been reported maneuvering in that location, says the New York World.

The McKee steamed out of the harbor under full speed, with all her guns manned and loaded with dummy cartridges. Later the submarine torpedo boat Moccasin, under the command of Lieutenant Pinney, started out from the torpedo station looking for the McKee.

Lieutenant Pinney ordered the Moccasin submerged, and in a short time she was running under the waters of Narragansett bay at a depth of from ten to thirty feet, occasionally coming up far enough to allow of observations through the alidscope for the purpose of watching the maneuvering of the McKee, which was sighted with her crew manning the guns and scudding through the rough sea at a rapid gait.

When within 200 yards of the McKee the dummy torpedo of the Moccasin was fired, and it struck on the starboard side of the McKee, near her conning tower, a shot which in actual warfare would have destroyed or crippled her.

This is the best test yet made by a submarine boat. No other submarine torpedo boat in the United States navy has such a record.

Lieutenant Commander Fletcher is preparing plans for battles that will be fought upon a broader scale in the night and in fog and conditions that will be more like those in which torpedo boats would be likely to be used in actual warfare.

Plan to Make Fort Monroe an Island.

With a view to making extensive improvements to the military reservation at Fort Monroe, Va., the government has purchased forty lots between the fort and Buckroe Beach and has also condemned about 200 feet of land owned by Major McGinnis of the army, who refused to sell it to the government. It is proposed to cut a canal across the peninsula which connects the reservation with the mainland, the effect of which will be to make an island of the reservation. Various improvements are contemplated, including the establishment of a signal station for range finding.

HOUSEHOLD CARES.

Tax the Women of Barre the Same as Elsewhere.

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back. And shouldn't if the kidneys were well.

Doan's Kidney Pills make well kidneys. Here is a Barre woman who endorses this claim.

Mrs. C. H. White of 25 West Street says: "Not constantly but far too often I had severe attacks of backache. It was sometimes difficult to sit down and just as hard to rise, and despite the fact that I exhausted all my knowledge of simple household remedies all the results I ever obtained were merely temporary. I was in pretty bad shape for some time, suffering both day and night, when I was induced to go to E. A. Brown's drug store for a box of Doan's Kidney Pills. I knew after a dose or two that they were working directly upon the kidneys, and as I continued the treatment relief became more positive. When I finished it that particular attack disappeared. I found Doan's Kidney Pills so effective a remedy for kidney complaint that I am certain that any person annoyed with backache or any of the incident ills which follow in the wake of either weakened or overtaxed kidneys will find relief if not positive cure, if they take a course of the treatment."

Sold for 50 cents by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Blue Ribbon
